Subject: RE: Aldicarb: Bean Sheet for EPA Reg. No. 87895-T Expedited Review Requested

Hi Marion/Shanta/Debra,

We've now completed the product chemistry review for 87895-T and have concluded that the applicant has satisfied all data requirements and that all data are acceptable. The formal product chemical review memo is in the process of being completed and signed and should be sent out later today or early tomorrow.

Thanks much, Kerry! We really appreciate your help! Just be mindful that we're poised to close out all decision-related materials prior to noon tomorrow. So whatever you can get done by then is also welcomed.

Shanta, Debra – If there are specifics that you need to mention here, please chime in. . .

Best,

Marion J.

Hi Marion,

We will have made the product chemistry determination by the end of today and will convey that to IVB2. We will have formal review tomorrow.

Importance: High

Kerry – Heads up! This is an Administrator’s priority that we need successfully completed by the end of today. IVB2 staff are indicating that several discussions and inquiries previously went through the CITAB team; so I’m not quite sure where the disconnect may have occurred. Nevertheless, please check with Shyam on this effort so that we can move forward with this last remaining piece. I’m copying RD/IO on this issue, only to keep them aware, since all eyes are tracking this aldicarb decision which is due tomorrow. Many thanks, and let Shanta, Debra, and me know if you have questions.

Best,

Marion J.

Good Afternoon,

Please expedite the Acute Tox review for EPA Reg. No. 87895-T by December 28, 2020 as agreed upon by Kerry since this action is a high priority for the agency and the request comes from the AA level.

I have attached the bean for this product. To get the passwords please contact Shanta or Debra Rate.
